

# SAFETY DATA SHEET

## 1. Identification

**Product Identifier** Fresh 7

**Other means of identification**  
**Product code** CU-1000

**Recommended use** Neutral cleaner.

**Recommended restrictions** None.

**Manufacturer information**  
**Company name** Chemical Universe, Inc.  
**Address** 1133 Saline St.  
North Kansas City, MO 64116  
**Telephone** (816) 471-3602  
**FAX** (816) 474-3302  
**Emergency phone number** PERS (800) 633-8253  
24-hour Emergency (800) 633-8253

## 2. Hazard(s) Identification

**Physical hazards** Not classified.

**Health hazards** Serious eye damage. Category 2B

**Environmental hazards** Aquatic Hazard - Acute Category 3

**OSHA defined hazards** Not listed.

**Label elements** None listed

**Signal word** **WARNING**

**Hazard statement** Causes eye irritation

**Precautionary statement**  
**Prevention** Wear eye protection/face protection.  
**Response** **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical advice/attention

**Storage** No prescriptive instruction.  
**Disposal** No prescriptive instruction

**Hazard(s) not otherwise classified (HNOC)** None.

**Supplemental information** None.

## 3. Composition/information on ingredients

| Mixture Component(s)                     |             |       |
|--|-------------|-------|
| Chemical name                            | CAS number  | %     |
| Noxoxynol                                | 127087-87-0 | 1-10  |
| Other components below reportable levels |             | 90-99 |

## 4. First-aid measures

**Inhalation** Move to fresh air. Call a physician if symptoms develop or persist.

**Skin contact**

## SAFETY DATA SHEET

|   |  |
|---|--|
| <b>Eye contact</b>  | Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention and take along these instructions. Rinse with water for at least 15 minutes. Remove contact lenses, if present and easy to do. If irritation persists get medical attention. Eye wash stations should be located in work area. |
| <b>Ingestion</b>  | Rinse mouth with water. Get medical attention if symptoms occur. Do not induce vomiting.   |
| <b>Most important symptoms/effects, acute and delayed</b>                     | Dermatitis. Rash. May cause an allergic skin reaction.   |
| <b>Indication of immediate medical attention and special treatment needed</b> | Provide general support measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.  |
| <b>General information</b>  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Wash contaminated clothing before reuse.  |

### 5. Fire-fighting measures

|  |   |
|--|---|
| <b>Suitable extinguishing media</b>                                  | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO <sub>2</sub> ).                      |
| <b>Unsuitable extinguishing media</b>                                | None known.   |
| <b>Specific hazards arising from the chemical</b>                    | During fire, gases hazardous to health may be formed.   |
| <b>Special protective equipment and precautions for firefighters</b> | Self-contained breathing apparatus and full protecting clothing must be worn in case of fire. |
| <b>Fire-fighting equipment/instructions</b>                          | Move containers from fire area if you can do so without risk. This product is not flammable   |
| <b>Specific methods</b>  | Use standard firefighting procedures and consider the hazards of other involved materials.    |
| <b>General fire hazards</b>  | No unusual fire or explosion hazards noted.   |

### 6. Accidental release measures

|  |   |
|--|---|
| <b>Personal precautions, protective equipment and emergency procedures</b> | Wear appropriate protective equipment and clothing during clean-up. Wear eye/face protection.   |
| <b>Methods and materials for containment and cleaning up</b>               | Caution – spillages may be slippery.<br><br>Large spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Prevent entry into open waterways, storm sewers or ecologically-sensitive areas.<br><br>Small spills: Wipe up with absorbent material (e.g. cloth, absorbent wipes). Clean surface thoroughly with water to remove residual contamination.<br><br>Never return spills to original container for re-use. For waste disposal, see section 13 of the SDS. |
| <b>Environmental precautions</b>   | Do not release into the general environment (see section 12). Avoid discharge into areas not consistent with package labeling.  |

### 7. Handling and storage

|                                      |   |
|--------------------------------------|---|
| <b>Precautions for safe handling</b> | Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. |
|--------------------------------------|---|

# SAFETY DATA SHEET

**Conditions for safe storage, including any incompatibilities** Store in original tightly closed container. Do not store in extreme temperature conditions.

## 8. Exposure controls/personal protection

### Occupational exposure limits

|                                   |          |           |
|-----------------------------------|----------|-----------|
| Ethylene Oxide (trace in product) | OSHA PEL | ACGIH TWA |
|                                   | 1 ppm    | 1 ppm     |

### Biological limit values

|                |                     |                     |
|----------------|---------------------|---------------------|
| Ethylene Oxide | 5 micrograms/g HEMA | Creatinine in Urine |
|----------------|---------------------|---------------------|

**Appropriate engineering controls** Emergency eye wash stations and showers should be readily accessible. Provide natural or mechanical ventilation.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Avoid contact with eyes. Wear safety glasses with side shields (or goggles).

### Skin protection

**Hand protection** Wear appropriate chemical resistant gloves. Nitrile, butyl rubber and neoprene are recommended barrier materials

**Other** None.

**Respiratory protection** Respiratory protection not required for prescribed use of this product

**Thermal hazards** Wear appropriate thermal protective clothing, when necessary.

**General hygiene considerations** When using do not smoke or use chewing tobacco. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Contaminated work clothing should not be allowed out of the workplace.

## 9. Physical and chemical properties

### Appearance

|  |  |
|--|--|
| <b>Physical State</b>                          | Liquid.                                    |
| <b>Color</b>                                   | Blue/green.                                |
| <b>Odor</b>                                    | Fresh, floral                              |
| <b>Odor threshold</b>                          | Not available.                             |
| <b>pH</b>                                      | 6-7  |
| <b>Melting/freezing point</b>                  | Not available.                             |
| <b>Initial boiling point and boiling range</b> | >212°F (100°C)                             |
| <b>Flash point</b>                             | >385°F (196°C)                             |
| <b>Evaporation rate</b>                        | Not available.                             |
| <b>Flammability</b>                            | Not available.                             |
| <b>Flammability Limits</b>                     |  |
| <b>Upper</b>                                   | Not available.                             |
| <b>Lower</b>                                   | Not available.                             |
| <b>Vapor pressure</b>                          | Not available.                             |
| <b>Vapor density</b>                           | Not available.                             |
| <b>Specific gravity (water=1)</b>              | 1.01                                       |
| <b>Solubility in water</b>                     | Soluble.                                   |
| <b>Partition coefficient (n-octanol/water)</b> | Not available. Projected at less than 3.44 |

# SAFETY DATA SHEET

Auto-ignition temperature Not available.  
 Decomposition temperature Decomposes on heating.

## 10. Stability and reactivity

**Reactivity** This product is stable and non-reactive under normal conditions of use.  
**Chemical stability** Material is stable under normal conditions.  
**Possibility of hazardous reactions** Hazardous polymerization does not occur.  
**Conditions to avoid** Heat, flames can cause product to decompose.  
**Incompatible materials** Strong acids, strong bases, strong oxidizing agents.  
**Hazardous decomposition products** Aldehydes, ketones, organic acids.

## 11. Toxicological information

**Information on likely routes of exposure**

- Ingestion** Expected to be a low ingestion hazard.
- Inhalation** Expected to be a low inhalation hazard.
- Skin contact** Repeated and/or prolonged skin contact may cause slight irritation.
- Eye contact** Contact will cause moderate eye irritation.

**Symptoms related to the physical, chemical and toxicological characteristics** Dermatitis. Rash. May cause an allergic skin reaction in susceptible individuals.

**Acute toxicity** Not established.

| Product Fresh 7 (CAS mixture)  |                   |                                    |
|--|-------------------|------------------------------------|
| Exposure Classification  | Route and Species | LD <sub>50</sub> /LC <sub>50</sub> |
| Acute  | Oral, rat         | 17,454 mg/kg (estimated)           |
| Acute  | Dermal, rabbit    | 26,363 mg/kg (estimated)           |
| *Estimates for product may be based on additional component data not shown |                   |                                    |

**Skin corrosion/irritation** Not classified.  
**Serious eye damage/irritation** Causes eye irritation.  
**Respiratory sensitization** Not classified.  
**Skin sensitization** Not classified.  
**Germ cell mutagenicity** Not classified.  
**Carcinogenicity** Not considered a carcinogen.  
**OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)** Not Listed.  
**Reproductive toxicity** Not classified.  
**Specific target organ toxicity – single exposure** Not classified.  
**Specific target organ toxicity – repeated exposure** Not classified.  
**Aspiration hazard** Not considered an aspiration hazard.

# SAFETY DATA SHEET

## 12. Ecological information

| Ecotoxicity  |                |   |
|--|----------------|---|
| <b>Product</b> Fresh 7 (CAS mixture)                                       |                |   |
| <b>Aquatic Receptor</b>  | <b>Species</b> | <b>Test Thresholds</b>                        |
| Crustacea  | Daphnia magna  | EC <sub>50</sub> (48hr): 169 mg/L estimated   |
| Fish   | Fathead Minnow | LC <sub>50</sub> (96hr): 69.09 mg/L estimated |
| *Estimates for product may be based on additional component data not shown |                |   |

|                                      |  |
|--------------------------------------|--|
| <b>Persistence and degradability</b> | Nonoxynol ethoxylates are not considered readily biodegradable. However, chemicals of this class are moderately biodegradable under certain common environmental conditions. |
| <b>Bio-accumulative potential</b>    | No data available. Components are highly water-soluble and not expected to accumulate in dynamic biological systems  |
| <b>Mobility in soil</b>              | Not available. Chemicals of these classes are expected to exhibit moderate to high mobility in saturated and semi-saturated soils  |
| <b>Other adverse effects</b>         | Not available.   |

## 13. Disposal considerations

|   |  |
|---|--|
| <b>Disposal instructions</b>              | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations. Do not release to the environment.  |
| <b>Local disposal regulations</b>         | Dispose in accordance with all applicable regulations.   |
| <b>Waste from residues/unused product</b> | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner. (see: Disposal instructions). The contents of this product are not believed to meet minimum qualifications for classification as an EPA-defined RCRA hazardous waste |
| <b>Contaminated packaging</b>             | Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may contain product residue, follow label warnings even after container is emptied.  |

## 14. Transport information

DOT Not regulated as dangerous goods.

## 15. Regulatory information

### US federal regulations

**SARA 302 Extremely hazardous substance** Not listed.

**SARA 304 Emergency release notification** Not listed.

### SARA 311/312 Hazard Categories

Immediate Hazard – No

Delayed Hazard – No

Fire Hazard – No

Pressure Hazard – No

Reactivity Hazard – No

### SARA 313 (TRI reporting)

Not listed.

### California Proposition 65

California Safe Drinking Water and Toxic Enforcement Act of 1986

## SAFETY DATA SHEET

This product is not known to contain any chemicals currently listed as carcinogens or reproductive toxins under California Proposition 65 at levels which would be subject to threshold determination and Safe Harbor notification (12/2020)

#### Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, and have been obtained from resources believed to be reliable. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered a warranty or quality specification. The information related only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified by the text.

#### Revision information

Updated in accordance with industry standards.
