ACID REPLACEMENT CLEANER

ABOUT THIS PRODUCT

This product is a powerful yet safe restroom and grout cleaner that has the cleaning performance of an acid with the mildness of dish soap. Using an advanced technology we utilize a low pH organic salt that is used to replace traditional mineral & organic acids that is non corrosive to the skin.

DIRECTIONS

Spray on surface to be cleaned or apply with damp sponge or cloth. Let the product work before wiping surface clean. Allow to remain on surface a sufficient amount of time depending on the severity of the soil. Heavy deposits may require light scrubbing with a brush. Rinse thoroughly with clean water or wipe with a clean damp sponge or cloth. Spot check hidden area of surface to be cleaned first for color fastness and desired result.

REMOVES: Calcium (hard water scale), Lime Deposits, Soap Scum, Mold & Mildew Stains, Discoloration & Rust.
Non-toxic, non-corrosive, non-fuming and biodegradable.

This formula contains a blend of surfactants, organic salts and water conditioning agents to create an acid-replacement cleaner that is environmentally safe and biodegradable.

DO NOT USE THIS PRODUCT ON: MARBLE, LIMESTONE, TRAVERTINE, OR ONYX.

PRECAUTIONARY STATEMENTS

Prevention: Wear eye protection/face protection. **Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue Rinsing. Immediately call a POISON CENTER/doctor/ medical professional.
