

# Bar Glass Soap

## LOW-FOAMING LIME SOLVENT

### ABOUT THIS PRODUCT

Bar Glass Soap is a detergent and lime remover for the first tank. This product may be used with electric glass washers. No other cleaner or additive is needed.

Use Bar Glass Soap in the first tank and a sanitizer in the third tank for spot-free glasses with no chemical taste or smell. Bar Glass Soap is a mild organic acid cleaner that floats lime and soil away without abrasive action.

**KITCHENS:** Bar Glass Soap dissolves hard water lime around chrome faucets, kitchen sinks, stainless steel, steam tables, coffee urns and glass or metal coffee pots.

**RESTROOMS:** Bar Glass Soap removes lime deposits from faucets, sinks, shower stalls and heads, toilets, and urinals.

**FLOORS:** Bar Glass Soap removes ice and snow melt residue from quarry tile floors.

### DIRECTIONS

To remove water spots or lime build-up from glasses or utensils, soak in 4 oz. of product per 1 gallon water for at least 15 minutes, rinse and wash thoroughly.

**Faucets & Fixtures:** Use 5 oz. of product per quart spray bottle; spray, let stand a few minutes, rinse

**Floors:** Use 2 oz. of product per 3 gallons water in mop bucket, mop, rinse

**Coffee Pots/Urn:** Use undiluted; soak for 30 minutes, rinse thoroughly

**Steam Tables:** Use 1 oz. of product per 10 gallons water; let stand a few minutes, rinse.

### PRECAUTIONARY STATEMENTS
