

# Encap! Peroxide

## ENCAPSULATING CARPET PRE-SPRAY

### ABOUT THIS PRODUCT

Encap! Peroxide is a 5 in 1 multi-purpose hydrogen peroxide activated and encapsulating polymer fortified carpet cleaning agent. It combines a synergistic hydrogen peroxide detergent blend with a special encapsulating polymer. The special peroxide blend oxygenates and activates the cleaning power of the polymers and surfactants, and also helps effectively remove many spills and spots (coffee, wine, blood, urine caused discoloration, and more) during the cleaning process. The encapsulating polymer bonds to, surrounds, and encapsulates soil.

### DIRECTIONS

**For use as a low moisture encapsulation cleaner:** 1 part product to 12 parts water for normal cleaning. 1 to 8 for heavy soil. Apply with a pump up pressure sprayer, electric sprayer, or battery sprayer in an even, overlapping pattern across the area to be cleaned. Apply just enough solution for the carpet to be moist to the touch. Agitate the solution thoroughly with a counter-rotating brush machine, a shampoo brush, a triple-planetary rotary brush machine, or an orbital pad machine. Allow the cleaning solution to dry completely. Vacuum the carpet at the next scheduled vacuuming interval.

**For use as a bonnet cleaner:** 1 part product with 12 parts water for normal cleaning. 1 to 8 for heavy soil. Apply to bonnet pad and to carpet with a pump up pressure sprayer, electric sprayer, or battery sprayer in an even, overlapping pattern across the area to be cleaned. Apply just enough solution for the carpet to be moist to the touch and provide lubrication for the bonnet to run smoothly over the carpet. Agitate the solution with your bonnet pad. Allow the cleaning solution to dry completely. Vacuum the carpet at the next scheduled vacuuming interval.

**For use as a traffic lane cleaner:** 1 part product with 12 parts water for normal cleaning. Mix 1 to 8 for heavy soil. Apply with a pump up pressure sprayer, electric sprayer, or battery sprayer in an even, overlapping pattern across the area to be cleaned. Apply a heavier amount in more soiled areas. Allow 5-10 minutes of dwell time. Work into carpet pile with Grandi- Groomer or Grandi-Brush. Extract the carpet and applied prespray solution with a compatible extraction rinse.

**For use as a hot water extraction rinse detergent:** For portable extractors or walk behind extractors, mix 2 ounces of cleaning solution per five gallons of water in solution tank of equipment. For truck mounts or metered portable extractors, mix one quart with five gallons of water. Set solution flow meter to equipment manufacturers recommended setting.

**For use as a carpet spotter:** 1 part Peroxified with three parts water. Dampen the spot being treated with the mixed solution. Let the solution dwell for 2 -3 minutes. Blot with a towel. Extraction is not normally required.

### PRECAUTIONARY STATEMENTS

**Prevention:** Wash hands and exposed skin thoroughly after handling. Wear protective gloves. Wear eye protection/face protection. **Response:** IF ON SKIN: Wash with plenty of water. Specific treatment (see section 4 on this SDS). If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. If eye irritation persists: Get medical advice/attention.

### PHYSICAL PROPERTIES

**Appearance:** Clear Liquid

**Specific Gravity:** 1.01

**Odor:** Characteristic

**Ph (Conc.):** 6-7

**Flash Point:** N/A

### PACKAGING

4X1 gal, 5 gal, 55 gal
