PHYSICAL PROPERTIES

Appearance: White Milky Liquid

Specific Gravity: 1.03

Odor: Lavender Vanilla

Ph (Conc.): 6-7

Flash Point: >385°F (196°C)

PACKAGING

4X1 gal, 5 gal

ABOUT THIS PRODUCT

excellent for cleaning synthetic and natural fabrics. The multi-strain enzymes penetrate stains and promote emulsification of oily soils. Enzyme Laundry Detergent is formulated to work in multi-product systems on commercial washers or as a stand-alone detergent for home style washers.

Applications: Recommended to hotels, motels, hospital, nursing homes, commercial laundries, restaurants, and other on-premise laundries

GENERAL PURPOSE: Ideal for many types of industrial and institutional laundry. Will not harm any water washable fabric.

EFFECTIVE ON OILY SOILS: Special surfactant system provides excellent cleaning action against oily and greasy soils.

BRIGHTENS FABRICS: Optical brightener renews brightness of whites and colored fabrics.

LIQUID CONCENTRATE: Mixes readily and goes to work immediately. Will not clog or cake up on automatic injectors.

HARD WATER TOLERANT: Performance and rinsability are unaffected by moderate levels of water hardness. Water conditioning agents help prevent the deposition of dulling, graying film on fabrics.

CHEMICALLY COMPATIBLE: May be used with bleaches, boosters and breaks.

DIRECTIONS

1. Remove all dust and debris using an auto-scrubbing machine. If surface has Use Detergent at the following dilution rates:

Light Soil: 3 oz. per 100 lbs. of laundry

Medium Soil: 4 oz. per 100 lbs. of laundry

Heavy Soil: 6 oz. per 100 lbs. of laundry

PRECAUTIONARY STATEMENTS

Prevention: Wash hands and exposed skin thoroughly after handling. Wear protective gloves.

Response: IF ON SKIN: Wash with plenty water. Specific treatment (see Section 4 on the Safety Data Sheet) If skin irritation occurs: Get medical advice/ attention. Take off contaminated clothing before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
