**Appearance:** White Thick Liquid

**Specific Gravity:** 1.0

**Odor:** Citrus

**Ph (Conc.):** 6-8

**Flash Point:** >385°F (196°C)

## PACKAGING

Quart

# Gum Gone

## EASY-TO-USE GRAFFITI REMOVER

### ABOUT THIS PRODUCT

Gum Gone is a citrus solvent formulated to stay on the spot full strength and work fast. You won't find a better chemical for gum removal. It also does a killer job on a wide range of other spots such as tar, grease, cosmetics and most types of ink.

### DIRECTIONS

Use Gum Gone full strength. Do not dilute.

Apply a small amount of gum gone to the gum on the floor. Allow to dwell for 60 seconds. Check to see if gum has been softened. If still hard, another application may be needed.

If gum has been softened use a scraper to remove the gum taking care not to damage the carpet.

After gum has been removed rinse the area with fresh water.

### PRECAUTIONARY STATEMENTS

Prevention: Keep away from heat/sparks/open flames / hot surfaces. No smoking.

Prevention: Wash hands and exposed skin thoroughly after handling.

Response: If skin irritation occurs: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
