

# Healthcare Spotter

## SPECIALTY LAUNDRY SPOTTER

### ABOUT THIS PRODUCT

Healthcare Laundry Spotter is a laundry pre-treatment formulated to clean special stains like medicines, granulex, betadine and blood.

### DIRECTIONS

Before spotting, test for dye stability by cleaning a small inconspicuous section of the garment. Do not dilute. Spray product directly on the stain. Separate items requiring pretreatment. Treat stains as soon as possible-fresh stains generally come out more easily. Follow treatment instructions to remove stain. Use care when handling all chemicals - wear appropriate clothing. Read and follow package directions when using any stain removal material. Wash hands after handling contaminated laundry. Return chemicals to proper storage area.

**BLOOD:** Flush stain for 3-5 minutes in cool, lukewarm water (not over 100°F). Wring out excess water. Saturate with spotter. Agitate with a brush or rub vigorously. Wait 5 to 10 minutes, and then launder as usual.

**MEDICINES, GRANULEX, BETADINE:** Saturate with spotter. Agitate with a brush or rub vigorously. Wait 5 to 10 minutes, and then launder in normal wash cycle without bleach.

### PRECAUTIONARY STATEMENTS

**Prevention:** Keep away from heat/sparks/open flames/ hot surfaces. No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical/ ventilating/ lighting/ equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe dusts or mists.
