## LAUNDRY DETERGENT

### PHYSICAL PROPERTIES

- Appearance:** Clear Liquid
- Specific Gravity:** 1.12
- Odor:** Characteristic
- Ph (Conc.):** 4.5-6
- Flash Point:** >392°F (200°C)

### PACKAGING

4x1 gallon, 5 gallon

### ABOUT THIS PRODUCT

This product is a premium laundry detergent that is powered with hydrogen peroxide. It penetrates stains and promotes emulsification of oily soils and is excellent for cleaning synthetic and natural fabrics.

#### BENEFITS

- General Purpose:** Ideal for many types of industrial and institutional laundry. Will not harm any water washable fabric.
- Effective On Oily Soils:** Special surfactant system provides excellent cleaning action against oily and greasy soils.
- Brightens Fabrics:** Optical brightener renews brightness of whites and colored fabrics.
- Liquid Concentrate:** Mixes readily and goes to work immediately. Will not clog or cake up on automatic injectors.
- Hard Water Tolerant:** Performance and rinsability are unaffected by moderate levels of water hardness. Water conditioning agents help prevent the deposition of dulling, graying film on fabrics.
- Chemically Compatible:** May be used with bleaches, boosters and breaks.

### DIRECTIONS

Use Detergent at the following dilution rates:

- Light Soil:** 3 oz. per 100 lbs. of laundry
- Medium Soil:** 4 oz. per 100 lbs. of laundry
- Heavy Soil:** 6 oz. per 100 lbs. of laundry

Recommended to hotels, motels, hospital, nursing homes, commercial laundries, restaurants, and other on-premise laundries.

#### WARNING

This product is intended for Industrial and institutional use. It can cause irritation and/or damage to eyes and skin. Avoid contact by wearing protective devices such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10–15 minutes. If irritation persists, seek medical attention.

Always read the Material Safety Data Sheet for additional precautions before using this product.

### PRECAUTIONARY STATEMENTS

**Prevention:** Wear eye protection/face protection. Wash hands and exposed skin thoroughly after handling. Wear protective gloves. **Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor/medical professional. IF ON SKIN: Wash with plenty of water for at least 15 minutes. Specific treatment (see section 4 on the Safety Data Sheet). If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.
