LAUNDRY SOFTENER & NEUTRALIZER

PHYSICAL PROPERTIES

Appearance: Green Liquid

Specific Gravity: 1.12

Odor: Characteristic

Ph (Conc.): 0-1

Flash Point: N/A

PACKAGING

5 gal, 15 gal

ABOUT THIS PRODUCT

Iron Removing Sour/Soft is a mild, yet very effective neutralizer and softener to counteract alkalinity and tie up loose iron particles. It is safe for use on all fabrics and eliminates yellowing and costly reruns. This product helps reduce drying time by helping linen reduce moisture retention while neutralizing the pH of detergents. The softening ability controls static electricity, reduces wrinkling, and imparts a smooth, soft finish to fabrics. The sour portion of this product controls pH levels of finished linen. **DO NOT USE ON 100% POLYESTER TABLE LINENS.**

Dual Job: Softens fabric and reduces residual alkalinity.

Antistatic: Imparts anti-static properties to linen.

Reduces Wrinkling: Softening of the fabric reduces wrinkling.

Brightens Fabrics: Optical brightener renews brightness of white and colored fabrics.

Pleasant Fragrance: Leaves a fresh, clean fragrance in linens.

Can Be Used On Most Fabrics: Use on all cottons, linens and synthetic fabrics.

DIRECTIONS

Use this product in the wash cycle at 1-2 ozs. Per 100 pounds of laundry. The optimum pH of the finished laundry should be 5.5 to 6.5.

Recommended for use with automatic laundry equipment in: hotels, motels, hospitals, nursing homes, commercial laundries, restaurants, and other on-premise laundries.

Caution: Overuse will cause waterproofing.
