

Next Gen Plus

DISINFECTANT CLEANER AND DEODORIZER

PHYSICAL PROPERTIES

Appearance: Orange Liquid

Specific Gravity: 1.01

Odor: Citrus

Ph (Conc.): 6-7

Flash Point: >201°F (93.9°C) estimated.

PACKAGING

4X64 oz, 4X1 gal

EPA REG. NO. 1839-224-74357

EPA EST. NO. 74357-MO-01

ABOUT THIS PRODUCT

Next Gen Plus is a revolutionary product combining the power of hydrogen peroxide and a quat disinfectant. Formulated to clean and disinfect all surfaces, Next Gen Plus is a true do-it-all product. Next Gen Plus is a Hospital Grade Disinfectant that can be used to clean and disinfect, countertops, floors, walls, door handles, restrooms, glass, and carpet.

DIRECTIONS

SEE PRODUCT LABEL FOR COMPLETE DIRECTIONS AND PRECAUTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product contains hydrogen peroxide. This product must not be mixed or stored with products containing ammonia and bleach, or other reducing and oxidizing agents. Contact with metals, metal ions, wood dust, or wood shavings may cause product decomposition.

DISINFECTION: To disinfect hard non-porous inanimate surfaces, dilute 2 ozs. of concentrate per gallon of water. Remove heavy soil deposits from surfaces. Apply to surfaces using a cloth, mop, sponge, or coarse trigger sprayer. Spray 6-8 inches from surface to be treated, thoroughly wetting the surface. Allow surface to remain wet for 10 minutes. Rub with brush, sponge, or cloth. Do not breathe spray. Wipe area with a clean cloth or allow to air dry. When using on food contact surfaces: counter tops, high chairs, thoroughly rinse all treated surfaces with potable water. This product must not be used to clean eating utensils, glassware and dishes.

GENERAL CLEANING: For cleaning and deodorizing, dilute 2 ozs. of concentrate per gallon of water. Cleaning may be accomplished with a clean mop, sponge, squeegee, wet vacuum system or a trigger spraying device. Spray 6-8 inches from the surface to be treated, thoroughly wetting the surface. After cleaning, remove suspended soils with a clear water rinse, vacuum pick up, or by wiping with a clean mop, sponge, squeegee, or cloth or allow to air dry. Do not breathe spray.

DEODORIZATION: To deodorize, apply this product as indicated under the heading DISINFECTION. For heavy duty deodorization dilute this product at 4 to 6 ounces per gallon and apply as directed under heading DISINFECTION.

SANITIZATION OF NON-FOOD CONTACT SURFACES: To sanitize hard, non-porous surfaces, dilute 2 ounces of concentrate per gallon of water. Hold container six to eight inches from the surface to be treated. Spray area until it is covered with the product. Allow surface to remain visibly wet for 30 seconds. This product is an effective sanitizer against *Staphylococcus aureus* (Staph) and *Enterobacter aerogenes* (ATCC 13048). Let surface dry. For heavily soiled surfaces, a pre-cleaning step is required. For surfaces that may come in contact with food, a potable water rinse is required.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Wear eye protection (goggles, safety glasses with side shields, or face shield). Wear coveralls worn over long-sleeved shirts and long pants, chemical resistant gloves, socks, and chemical resistant footwear. Avoid contamination of food. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. This product contains an oxidizer. Do not store near heat, flame, or in direct sunlight. Avoid storage at elevated temperatures. Do not store near wood shavings, dust or similar combustible materials.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

CONTAINER STORAGE - Keep product under locked storage, inaccessible to children.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL - Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container promptly after emptying. Triple rinse as follows: Fill container ¼ full with water and recap. Agitate vigorously. Follow Pesticide Disposal instructions for rinsate disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
