

## PHYSICAL PROPERTIES

**Appearance:** Blue/Green Liquid

**Specific Gravity:** 1.01

**Odor:** Mint

**Ph (Conc.):** 0-1

**Flash Point:** >212°F (100°C).

## PACKAGING

12x32 Quart

# Nu-Cid Acid Replacement

## ENVIRONMENTALLY FRIENDLY BOWL CLEANER

### ABOUT THIS PRODUCT

Nu-Cid Acid Replacement Bowl Cleaner has extraordinary cleaning power without the damaging effects of other harsh acid products. It is designed to be safe and mild to the user but effective on all types of soils. Nu-Cid is a thick clinging formula designed to increase its effectiveness. Nu-Cid is safe for plumbing and septic systems and effectively removes rust, mineral, uric acid and hard-water deposits.

### DIRECTIONS

To clean urinals, add 2-4 oz of Nu-Cid to the interior surface of the urinal. Agitate the solution with brush or toilet mop making sure to scrub completely under the rim. Let stand 5 minutes, then flush. For badly stained toilet bowls, flush toilet and use toilet mop to push water from the bowl over the trap. Press swab mop against bowl to remove excess water. Then saturate mop with 2oz of Nu-Cid while holding bottle and applicator over the bowl. Swab bowl completely making sure to get under the rim. Let stand 10 minutes then flush.

### PRECAUTIONARY STATEMENTS

**Prevention:** Wear eye protection/face protection. Wash hands and exposed skin thoroughly after handling. Wear protective gloves.

**Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor/medical professional. IF ON SKIN: Wash with plenty of water for at least 15 minutes. Specific treatment (see section 4 on the Safety Data Sheet). If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.
