PACKAGING

4X1 gal

ABOUT THIS PRODUCT

Soft Touch Pre-Spray is a special blend of detergents, solvents, and builders, formulated to emulsify the toughest soils and oils found in upholstery but leaving your upholstery with a soft touch like when it was new. It is also very effective on wool rugs and carpets where lower pH is required.

DIRECTIONS

Directions for Upholstery:

For light to medium soil dilute 1-10 or 13 oz to one gallon. For carpet it is 1-8 or 16 oz to one gallon. For heavy soil dilute 1 to 4 or 32 oz of Soft Touch to 1 gallon of water. Pre-Vacuum and apply evenly over soiled upholstery and agitate with a clean towel or horse hair brush. Allow to stand 5 minutes, then rinse and extract. For best results rinse with an acid rinse like All Carpet Rinse.

Directions for Carpet:

For light to medium soil dilute 1 to 16 or 8 oz of Soft Touch Pre-Spray to one gallon of hot water. For heavy soil dilute 1 to 8 or 16 oz of Soft Touch Pre-Spray to one gallon of hot water. Pre-Vacuum and then apply evenly to soiled carpet or oriental rugs. Agitating pre-spray into fabric will increase efficiency. Give a 5-10 minute dwell time, then rinse and extract. For best results rinse with an acid rinse like all Carpet Rinse.

PRECAUTIONARY STATEMENTS

Prevention: Wash hands thoroughly after handling.

Response: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
