Specific Gravity: 1.22-1.23

Odor: Characteristic

Ph (Conc.): 7-8

Flash Point: >146°F (63.3°C)

PACKAGING

5 Gallon Pail

ABOUT THIS PRODUCT

Wood Seal SB 46 represents the latest in wood finishes. It is recommended for use as a finish coat on gyms, racquet ball courts and other wood floors. This product exhibits high gloss, superior mark resistance and is very light in color without the lingering solvent odor. Wood Seal SB 46 is readily applied with a lambs wool applicator or heavy weight bar.

DIRECTIONS

1. Wood Seal SB 46 should be applied as soon as the final sanding step has been completed.

Floor should also be vacuumed and tack cleaned to assure that the surface is dust free.

2. Apply a coat of Wood Seal SB 46 with the grain of the wood floor at the rate of 400-500 square feet per gallon.

COATING:

1. Wood Seal SB 46 using a lambs wool applicator with a lambs wool pad or a heavy bar. It should be applied at the rate of 400-500 square feet per gallon in the direction of the wood grain. Be sure all air blowing equipment is turned off and doors and windows closed until the floor is tack free.

2. Allow floor to dry a minimum of 16 hours before applying any additional coats.

3. If floor is not recoated within 24 hours, it will be necessary to abrade before applying the next coat, with a 120 grit screen or maroon between coats pad, vacuum and tack.

4. Once the final coat is "tack free", provide adequate ventilation and air movement. Floor may be opened to light traffic after 24 hours. Allow 5 days before opening floor to athletic activities.

NOTE: For best results do not apply this product when weather conditions exceed 90°F temperature and 80% humidity. Do not apply Wood Seal SB 46 over water based floor finishes. Adhesive marking tapes and decals may cause delamination of coating when removed. For Professional Use Only.

PRECAUTIONARY STATEMENTS

Prevention: Wash hands and exposed skin thoroughly after handling. Wear eye protection/face protection.

Response: IF ON SKIN: If skin irritation occurs: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

Continue rinsing. If eye irritation persists: Get medical advice/attention.
