

PHYSICAL PROPERTIES

Appearance: Clear Liquid

Specific Gravity: 1.04

Odor: Mint, pungent

Ph (Conc.): 0-1

Flash Point: N/A

PACKAGING

4X1 gal, 5 gal, 55 gal

Z-OX

CONCRETE CLEANER & ETCHING SOLUTION

ABOUT THIS PRODUCT

Z-OX renews and cleans concrete of embedded oil, grease, efflorescence and dirt. The cleaner also dissolves a small amount of surface cement, while leaving the aggregate untouched. This mild etching process creates greater surface area, for more complete penetration and effectiveness of a hardener/densifier or any other protective treatment.

This product is not suitable for polished/unpolished marble, limestone or travertine. This product may cause discoloration and corrosion on certain types of metals. ALWAYS TEST for dilution rates, surface compatibility and desired results. Test each surface and each type of soiling using the following application instructions. Let test dry thoroughly before inspection.

Dilution: This product may be diluted with up to three parts water, depending on the nature and severity of soil and floor condition. Always pour water into empty bucket first, then carefully add concentrate.

DIRECTIONS

1. Use clean water to thoroughly prewet surface to be cleaned.
2. Apply liberally using low pressure spray (50 psi max), roller or densely filled masonry washing brush. Do not apply with high pressure spray. Do not atomize.
3. Let the cleaning solution dwell 3-5 minutes. Reapply. Light scrubbing of the surface improves cleaning results especially where high pressure rinsing equipment is not available. Do not let cleaning solution dry into the concrete. If solution starts to dry, reapply.
4. Rinse with clean water, covering each section of the surface with a concentrated stream of water.

PRECAUTIONARY STATEMENTS

Prevention: Keep only in original container. Do not breathe dusts or mists. Wash skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. **Response:** Absorb spillage to prevent material damage. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. IF INHALED: Remove person to fresh air and keep comfortable breathing. Immediately call a POISON CENTER/doctor/medical professional. Specific treatment (see supplemental information on this label). IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. **Storage:** Store in corrosive resistant container with a resistant inner lining. Store locked up. **Disposal:** Dispose of contents/container in accordance with local/regional/ national/international regulations.
