

AF-99

ANTI-FOAM CONCENTRATE

PHYSICAL PROPERTIES

Appearance: Milky White Liquid

Specific Gravity: 1.00

Odor: Characteristic

Ph (Conc.): 8

Flash Point: >212°F (100°C)

PACKAGING

5 gal pail, 55 gal drum

ABOUT THIS PRODUCT

This concentrated anti-foam product is designed for use in wastewater treatment systems. The non-polluting, water-based formula contains special silicone defoaming agents for fast knock-down of foam due to detergents, surfactants and organic materials in the water. Residual anti-foam ingredients prevent re-foaming or formation of scum blankets - regardless of pH.

DIRECTIONS

For best results drip feed into influent stream prior to foam formation. Normal application rates range from one quart to one gallon per 10,000 gallons of wastewater. To eliminate heavy scum blanket in digester, spray a light mist over the foam with a portable sprayer. Once scum blanket is reduced, continue with drip feeding into influent stream.

PRECAUTIONARY STATEMENTS

Prevention: Wash hands and exposed skin thoroughly after handling. Wear protective gloves. Wear eye protection/face protection.

Response: IF ON SKIN: Wash with plenty water. Specific treatment (see Section 4 on the Safety Data Sheet) If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
