

Digest

ENZYME & BACTERIA DIGESTIVE POWDER

ABOUT THIS PRODUCT

Digest is formulated for use in sewage treatment plants and lagoons and for the treatment of septic tanks, cesspools, drains and grease traps. Non-caustic and non-corrosive. Will not attack metals or porcelain finishes as in sinks and wash basins. Ingredients are non-toxic. Contains aerobic and anaerobic bacteria for the digestion of protein, fats, starches, carbohydrates, and cellulose. Contains over 7 billion colony forming units per mL.

DIRECTIONS

Septic Systems: Dosage for a new septic tank is one pound for every 100 gallons for rated capacity. For a system already in use, place 1/2 pound of Digest in a gallon of warm water (85° to 95° F) and distribute it equally among traps, drains and toilet bowls in the building. Caution: DO NOT USE HOT WATER. Flush each trap and drain with about one quart of warm water. Flush the toilet with cold water. At monthly intervals thereafter, add 1/4 pound of Digest to the system in the same manner.

PRECAUTIONARY STATEMENTS

Prevention: Wash hands and exposed skin thoroughly after handling. **Response:** Call a POISON CENTER/doctor/medical professional if you feel unwell. If skin irritation occurs: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

PHYSICAL PROPERTIES

Appearance: White Powder

Specific Gravity: 2.1

Odor: Characteristic

Ph (Conc.): 6-8 (10% solution)

Flash Point: NA

PACKAGING

12x1lbs, 50lbs
