PHYSICAL PROPERTIES

Appearance: Clear Green Liquid

Specific Gravity: 1.04

Odor: Fresh

Ph (Conc.): 12-13

Flash Point: N/A

PACKAGING

64 oz

ABOUT THIS PRODUCT

10-Non Acid Restroom Cleaner is formulated to safely and effectively remove scum, alkali buildup, soap film and hard water. Use 10 on sinks, toilets, partitions, shower stalls, drinking fountains, tile and grouted floors.

Spray diluted product directly onto the surface to be cleaned. Allow time for the solution to work and then wipe clean with a towel or rinse with fresh water.

10 can also be mopped onto the floor to help break up hard water and build up around toilets.

DIRECTIONS

To dispense the product, Insert the LockNLoad Elite bottle into the dispensing system and lower the handle of the single product unit or attach the adapter cap onto the insert in the opening of the bottle. Connect the dilution system to a water line to dilute the product. LockNLoad Elite products are designed to be used with a dispensing system. Using the dispensing system will ensure that the concentrate is diluted correctly. The insert in the opening of the container should never be removed. If the insert has been removed, the contents of the container and the container should be properly disposed of.

PRECAUTIONARY STATEMENTS

Prevention: Wear eye protection/face protection. Wash hands and exposed skin thoroughly after handling. Wear protective gloves. **Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor/medical professional. IF ON SKIN: Wash with plenty of water for at least 15 minutes. Specific treatment (see section 4 on the Safety Data Sheet). If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.
