PHYSICAL PROPERTIES

Appearance: Clear Liquid

Specific Gravity: 1.0

Odor: Cherry Almond

Ph (Conc.): 12-13

Flash Point: >212°F (100°C)

PACKAGING

4X64 oz

ABOUT THIS PRODUCT

#9 Carpet Spotter & Prespray is a specialized formulation used to pre-spot carpet, rugs, and upholstery prior to overall cleaning, or as a traffic lane prespray. It can emulsify oil base matter such as make-up, lipstick, oils and greases, fats, hair creams and dressings, shoe polish, floor wax, and inks, and is equally effective on water based matter such as pet stains, coffee, cola, tea, food spills, grass stains, wine and liquor.

For spot removal, saturate spot with product and allow to penetrate into stain. Absorb product and dissolved matter with a paper towel or cloth. Re-apply product to spot and agitate slightly. Repeat this procedure until paper towel or cloth has dissolved all of the spot and allow to dry.

DIRECTIONS

To dispense the product, Insert the LockNLoad Elite bottle into the dispensing system and lower the handle of the single product unit or attach the adapter cap onto the insert in the opening of the bottle. Connect the dilution system to a water line to dilute the product. LockNLoad Elite products are designed to be used with a dispensing system. Using the dispensing system will ensure that the concentrate is diluted correctly. The insert in the opening of the container should never be removed. If the insert has been removed, the contents of the container and the container should be properly disposed of.

PRECAUTIONARY STATEMENTS

Prevention: Wear eye protection/face protection. Wash hands and exposed skin thoroughly after handling. Wear protective gloves. **Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor/medical professional. IF ON SKIN: Wash with plenty of water for at least 15 minutes. Specific treatment (see section 4 on the Safety Data Sheet). If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.
