**Specific Gravity:** 1.01

**Odor:** Fresh

**Ph (Conc.):** 10-11

**Flash Point:** >385°F (196°C)

### PACKAGING

4X1 gal

### ABOUT THIS PRODUCT

LockNLoad 120G Earth Worx Non Acid Restroom Cleaner is a strong yet safe multi-use cleaner that has the strength of an acid cleaner but it much safer for the user. This product is formulated to safely and effectively remove scum, alkali build up, soap film and hard water. Use on sinks, toilets, partitions, shower stalls, drinking fountains, tile and grouted floors.

This product can be used full strength when necessary but should be diluted with water for most cleaning tasks. Product should be diluted depending on the application, the surface and the severity of the soil.

### DIRECTIONS

Insert container into the LockNLoad Dilution Station. Lock the container into place by sliding the blue lock to the left. This locks in the container and connects it to the Dilution Station. The Dilution Station is set to properly dilute the concentrate with water.

To fill small containers by using the short hose on the right side of the Dilution Station. Insert the short tube into your container and push up on the container to activate or push up on the grey button on the face of the Dilution Station. To fill a large container, use the long hose on the left side of the Dilution Station. Place the hose end in the container and push the button on the black gas pump style handle. (hose does not automatically shut of when container is full).

LockNLoad products are designed to be used with the LockNLoad Dispensing Station. The product should be loaded into the Dispensing Station and locked into place. Using the Dispensing Station will ensure that the concentrate is diluted correctly at 64:1. One gallon of LockNLoad Concentrate makes 64 gallons of ready to use product.

The grey dilution lock in the opening of the container should never be removed. If the dilution lock has been removed, the contents of the container and the container should be properly disposed of.

### PRECAUTIONARY STATEMENTS

**Prevention:** Wash hands and exposed skin thoroughly after handling. Wear eye protection/face protection. **Response:** If skin irritation occurs: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
