Ph (Conc.): 0-1

Flash Point: >212°F (>100°C).

PACKAGING

4X64 oz

ABOUT THIS PRODUCT

LockNLoad Jr. #11 Heavy Duty Restroom Cleaner is an acid based product formulated to eliminate tough soils including soap scum, hard water deposits, rust stains and mildew. Spray on surface to be cleaned or apply with damp sponge or cloth. Allow solution to work before wiping surface clean. Allow to remain on surface a sufficient amount of time depending on the severity of the soil. Heavy deposits may require light scrubbing with a brush. Rinse thoroughly with clean water or wipe with a clean damp sponge or cloth.

Spot check hidden area of surface to be cleaned first. Avoid contamination of food in the use and storage of this product. Surfaces subject to direct food contact must be rinsed with potable water. This product is an acid based product and should not be used on natural stone. Test on an inconspicuous area, if uncertain.

DIRECTIONS

To dispense the product, attach the LockNLoad Jr. dilution unit or adapter cap onto the Green insert in the opening of the bottle. The dispensing system is factory set to properly dilute the concentrate with water. For a water driven system, connect the system to a water line to dilute the product.

LockNLoad Jr. products are designed to be used with a dilution system. Using the dispensing system will ensure that the concentrate is diluted correctly. The green insert in the opening of the container should never be removed. If the green insert has been removed, the contents of the container and the container should be properly disposed of.

PRECAUTIONARY STATEMENTS

Prevention: Keep only in original container. Do not breathe dusts or mists. Wash skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/ face protection. **Response:** Absorb spillage to prevent material damage. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
