

PHYSICAL PROPERTIES

Appearance: Violet Viscous Liquid

Specific Gravity: 1.00

Odor: Characteristic

Ph (Conc.): 11.5-12.5

Flash Point: >385°F (196°C)

PACKAGING

4x1, 5 Gal

LVT Deep Scrub

HEAVY DUTY CLEANER

ABOUT THIS PRODUCT

LVT Deep Scrub is designed for regular heavy duty cleaning of LVT flooring and before applying LVT Reshine & Protect. It contains powerful surfactants that lift and remove dirt, grease and other soils without leaving a dulling film. Ideal for deep cleaning because the mild pH assures that the layers of the LVT are not dulled or damaged. LVT Deep Scrub can be used for scrubbing and recoating of LVT Reshine & Protect as well.

DIRECTIONS

This product is designed to be used as an interim floor cleaner and degreaser when diluted at 2 ounces per gallon. When diluted 4-8 ounces it is strong enough to be used in a "scrub and re-coat" process. This unique formula will remove the greases and soils before re-coating.

For Interim Cleaning & Maintenance: Dilute 2 ounces per gallon of water. Scrub with mop or autoscrubber to remove spots and spills, picking up solution as you clean. If mop cleaning heavy soil, rinse as necessary and change cleaning solution frequently. Allow to dry.

For Scrubbing & Re-coating: Dust mop floor. Dilute 4-8 ounces per gallon of water. Scrub with blue pad and automatic or single disk machine. Pick up cleaning solution with scrubber or wet vac. Damp mop any residues with clear water. Allow floor to dry. When floor is dry, add preferred number of coats of floor finish.

PRECAUTIONARY STATEMENTS

Prevention: Wash hands and exposed skin thoroughly after handling. Wear eye protection/face protection. **Response:** If skin irritation occurs: Get medical advice/attention. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
