4x1 Gal

# LVT Rejuvenator

**CLEAN & RESTORES GLOSS**

### ABOUT THIS PRODUCT

LVT Rejuvenator is designed to be used as part of a high speed floor maintenance program, use as needed to clean, protect, and restore finished floors. Using LVT Rejuvenator as a regular part of propane and other high speed floor maintenance programs will greatly reduce labor and provide outstanding results. Use this formulation as a cleaner and restorer by mopping on and burnishing with a high speed machine or use through an automatic scrubber. LVT Rejuvenator repairs scuffs and scratches. It also restores gloss and is compatible with most floor finishes.

### DIRECTIONS

1. Dust mop floors to remove surface dirt and grit.
2. Add 2 ounces of LVT Rejuvenator per gallon of water in a clean mop bucket.
3. Damp mop floor with solution, evenly applying a thin coat.
4. Let floor dry thoroughly, burnish floor with a high speed floor machine and the proper burnish pad.

#### **Automatic Scrubber Method:**

1. Dust mop floors to remove dirt and grit.
2. Fill scrubber solution tank with water and add LVT Rejuvenator, 2 ounces per gallon of water.
3. Scrub the floor, picking up solution and detail mop as necessary.
4. Let the floor dry thoroughly and burnish with a propane or other high speed floor equipment.

#### **Spray Buff Method:**

1. Fill sprayer with LVT Rejuvenator.
2. Clean floor thoroughly.
3. Mist lightly ahead of machine.
4. Force dry with high speed machine.

### PRECAUTIONARY STATEMENTS

**Prevention:** Wash hands and exposed skin thoroughly after handling. Wear eye protection/face protection.

**Response:** If skin irritation occurs: Get medical advice/attention.
